

Welcome!

Festival Bytes Computer Club

Hope You Had A Great Summer

- Any Non Club Members?
- Any New Members?

Fall Schedule

- Today: Windows 10 is going away: What you need to know
- Sep 26:
- Oct 10: Wyyerd Fiber Presentation (Open to all SCF Residents)
- Oct 24: Maricopa County Sheriff's Office Cyber Crimes Presentation (Open to all SCF Residents)
- Nov 14: I Need a New Laptop – What to buy!
- Dec 12: Party! (And we will be at the Indigo Grill this time!)

Windows 10 Is Going Away

- Last update for Windows 10 is Oct 14, 2025 (so you're not out of time yet!)
- That is the last time that Microsoft will send out a standard monthly update.
- Paid (but limited) support will be available for corporate systems.
- Oct 15, 2025 – Hacking groups will release their latest “Hacks” that no one has seen yet – so that there won’t be a patch from Microsoft to fix it!
- Anti-virus company’s will do their best to protect your computer.

- Always in the past you could upgrade your old computer to the latest OS (Windows XX.)
- Not this time! Microsoft added new Hardware requirements for Windows 11.
- A newer CPU and a TPM 2.0 chip on the motherboard is required.
- On Oct 14th 2025, 280 Million computers become **Landfill** material because they can't be upgraded to Windows 11!

What do you need to do!

- Don't panic! You still have time to replace your computer.
- There are new CPU's on the way – so Laptop users come to the November 14th meeting and learn about the new laptops.
- Desktop users – Wait until winter/spring until the new CPU's are out.
